PROFILE

Software Developer with over **3 years** of experience in **Mobile Application Development**. Developed over **17 projects** for **Android & IOS**.

EXPERIENCE

Senior Software Developer, NIC (SISL Infotech) — 2022 - Present.

- Updated old code bases to modern development standards, improving functionality.
- Documented technical workflows and knowledge to educate newly hired employees.
- Collaborated on stages of systems development lifecycle from requirement gathering to production releases.
- Planned and developed interfaces that simplified overall management and offered ease of use.
- Designed customized solutions for proposals to potential customers.
- Coordinated with project management on database development timelines.
- Introduced agile methodologies and development best practices to division to enhance product development.
- Verify stability, security, or scalability of Mobile Applications.

Projects:

- Border Area Development (Flutter Application).
- National Portal Award (Flutter Application).
- National Portal Intra Award (Flutter Application).
- DFSS (Flutter Application).
- OAD NIC (Flutter Application).

Junior Developer, Logixgrid Technologies Pvt Ltd., Gurgaon, India — 2020 Feb - 2022 April.

- Designed user interfaces that engaged multiple senses and produced immersive experiences.

- Used third-party libraries, custom libraries and APIs to develop new applications.
- Created custom mobile applications using native technologies.
- Tested applications prior to final review to verify issue resolution.
- Consistently used Android SDK to produce highly effective and nuanced content.
- Collaborated with cross-functional teams to define and design new features.
- Managed aspects of Android app lifecycle from research and planning through deployment and post-launch support.
- Employed third-party APIs to facilitate seamless access to external, in-app cloud data.
- Used specific code versioning tools to manage and implement changes to programs.
- Provided dedicated support and timely issue resolution to clients following successful app launch.
- Incorporated offline storage, performance tuning and threading into apps for seamless use.
- Maintained comprehensive knowledge of mobile development cycle and addressed challenges arising in each phase.

Projects:

- Freight Book (Android Application)
- Orion (Android Application)
- Dreevo (Flutter Application)
- Beeta (Flutter Application)
- Smile (Flutter Application)
- HKX (Flutter Application)
- Clobz Sales (Flutter Application)

- Sthenios (Flutter Application)
- Beekay (Flutter Application).

EDUCATION

- **Summer Hill Convent School,Bathinda, Matriculation - 64 %, 2012 CBSE.**
- **Police Public School, Bathinda, Intermediate - 58 %, 2012 CBSE.**
- **Maharaj Ranjit Singh Punjab Technical University, B.Tech - Electronics & Communication Engineering - 2019.**

CERTIFICATION

- **FLUTTER & DART - UDEMY**

EXTERNAL PROJECTS

- **EditorialCrux**

EditorialCrux is one of my own project developed using **Flutter** for **Android**. In this Firebase Authentication, Firebase Realtime Database, Firebase Storage and Firebase Cloud Messaging is used as backend services.

Available on Play Store.

- **Precifield**

Precifield Android Application is developed using **JAVA** for **Android**. In this Firebase Authentication, Firebase Realtime Database, Firebase Storage and Firebase Cloud Messaging is used as backend services.

Precify owns this project.

- **Krisaan**

Krisaan is developed using **Flutter** for **Android**. For backend services **RESTAPI** are used.

Precify owns this project.
